

Load Cell Mounting Assembly for Models 355, 3410, 3420 and 3510

FEATURES

- Simplifies load cell installation on tanks, silos and other weighing vessels
- 3 models suitable for load cell models 3510, 3410, 3420, and 355
- Accepts load cells ranging in capacity from 5 to 5,000kg
- Permanent protection against load cell damage
- Grounding strap provides low resistance path to minimize electrical potentials
- Provision for thermal expansion, contraction and lift-off due to winds or collision
- Cable gland protector prevents cable damage
- Stainless steel construction
- Internal jack for load cell easy installation and replacing
- Ball and cup version also available

DESCRIPTION

The CellMate™ is a superior load cell mounting assembly that dramatically simplifies load cell installation.

A perfect solution to vessel weighing in dairies, chemical, bottling and food processing plants, stainless steel CellMate™ mounts can be used on tanks, silos and many other weighing vessels and applications.

The CellMate™ family of mountings also provides an unparalleled degree of protection for load cells and maintains a permanent load cell safety system,

reducing load cell damage and plant down-time.

CellMate™ assemblies are available in three models with weighing capacities from 5 to 5000kg in stainless steel. Standard dimensions and hole sizes provide for fast and easy placement of load cells. Ideal for use with Tedea-Huntleigh's line of hermetically sealed shear and bending beam load cells. CellMate™ includes an internal jack which enables users to install the fittings on silos or tanks with or without load cells.

APPLICATIONS

- Hostile environments applications
- Process control
- Batch weighing
- Silo/hopper weighing
- Belt scale weighing
